Mr. J. Edgar Hoover
Director
Federal Bureau of Investigation
United States Department of Justice
Washington 25, D. C.

Dear Mr. Hoover:

In addition to the material concerning the espionage activities of Dr. Klaus FUCHS which I requested in my letter of 8 May, I would further appreciate it if you would forward to us the details of Mr. Harry GOLD's espionage involvement as revealed by his interrogation and by other sources available to your Bureau.

The Office of this Agency which is concerned with scientific intelligence has particularly requested specific details as to the types of documents which GOLD received from FUCHS together with approximate dates of receipt; a complete list of the questions given to GOLD to be answered by FUCHS with approximate date and details of answers obtained; the above information with regard to any other sources contacted by GOLD together with the name of source and a brief of his scientific knowledge.

Your courtesy in expediting the above request, as well as the reports on Dr. FUCHS, will be appreciated.

With best wishes,

Sincerely yours,

Signed *Sci handed to*
